Dear Josh —

I will be going out to Palo Alto next week, barring some possible complications. I've decided to take my family out to L.A. first and I am afraid this precludes getting to Madison since breaking even on the financial arrangements requires using the through coach service from here to L.A. and back. Maybe we can talk for awhile on the phone on my return if this seems indicated.

I gather from your letter of Feb 4 that Stanford is now out for you, but I am not clear whether you have so informed Twitty. I will assume that you are officially undecided unless he tells me otherwise.

Re the Salsbury experiment, it has had a tortuous path, two people trained here successively dropped out on return and so far as I know the matter is yet to get off the ground. Sharrow, when I saw him in Florida a couple of weeks ago, was optimistic on prospects however.

Best,  
*Cliff*
